

## • Mechanic And Metallurgy

No.	Goods	Tariff No.
1.	Portable fire extinguisher	84241000
2.	Different types of water heater <ul style="list-style-type: none"> <li>- Gas water heater (with tank) *</li> <li>- Gas water heater (immediate heating) *</li> <li>- Kerosene water heater</li> </ul>	84191100 84191100 84191900
3.	Different types of gas stoves <ul style="list-style-type: none"> <li>- Gas stoves with oven</li> <li>- Gas stoves without oven</li> <li>- Gas stoves with oven and fryer for restaurants</li> <li>- Pressure cookers</li> </ul>	73211110 73211120 – 73211190 73211110 73211200
4.	Different types of gas and kerosene heater <ul style="list-style-type: none"> <li>- Kerosene heater with wick and heat tube (cooker)</li> <li>- Kerosene heater (with smoke-funnel)</li> <li>- Gas heater (with smoke-funnel) *</li> <li>- Gas heater (without smoke-funnel)</li> </ul>	73218200 73218200 73218100 73218100
5.	Different type of iron beam (I,H) <ul style="list-style-type: none"> <li>- Hot rolled I-Beams-Medium flange I-beams</li> <li>- Hot rolled I-Beams-Narrow flange I-beams I Range</li> <li>- Hot rolled wide ranker iron beam</li> <li>- Light parallel wide flanged hot rolled iron beam</li> <li>- Heavy parallel wide flanged hot rolled iron beam</li> <li>- Normal parallel wide flanged hot rolled iron beam</li> </ul>	72163200 72163200 72163300 72163300 72163300 72163300
6.	Gas burn lighting lamp (urban)	94055020
7.	Different types of regulator for liquid gas cylinder <ul style="list-style-type: none"> <li>- Screw type</li> <li>- Pin or pressure type</li> <li>- High pressure and adjustable type</li> </ul>	84811010 84811010 84811010
8.	Fluid Gas Cylinder	731100
9.	Gas cylinders valves and inlet and outlet joints and connections	84818030
10.	Different types of medical and industrial cylinders <ul style="list-style-type: none"> <li>- Oxygen</li> <li>- Hydrogen</li> <li>- Chlorine cylinders and tanks</li> </ul>	731100 731100 731100

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

## List of Products under Compulsory Standards Regulations ISIRI –Import

11.	Different types of Hygienic valves <ul style="list-style-type: none"> <li>- Bathroom valves</li> <li>- Basin valves</li> <li>- Wall faucet</li> <li>- Toilet valves</li> <li>- Urinal valves</li> <li>- Single Faucet</li> </ul>	84818010 84818010 84818010 84818010 84818010 84818010
12.	Construction Valves	84813000 – 84818015 – 84818090
13.	Hot water tank safety valves (Pressure Breaker)	84814000
14.	Different types of valves used in Gas burning equipment and household gas pipe line <ul style="list-style-type: none"> <li>- Quarter-round valves in all sizes</li> <li>- Manual valve for gas burn equipment</li> <li>- Multi – function controls for gas burn equipment</li> </ul>	84818020 84818035 84818045 - 84818040
15.	Different types of pressure tanks and vessels such as: <ul style="list-style-type: none"> <li>- Different types of pressure tanks</li> <li>- Hot water steel boiler</li> <li>- Hot water cast iron boiler</li> <li>- Fast cooker</li> </ul>	8402 <b>except</b> of 84029000 84031000 84031000 According to its material
16.	Different types of household coolers <ul style="list-style-type: none"> <li>- Gas window (room) cooler up to 7 KW power *</li> <li>- Water cooler (Evaporative Coolers) *</li> </ul>	841510 84796010
17.	Different types of flexible pipes for gas burning	40092200
18.	Different types of steel gas pipe <ul style="list-style-type: none"> <li>- Steel gas pipes , used in houses and buildings</li> <li>- Steel gas pipes, used in urban network (welded-seam and not seamed)</li> </ul>	73043900 7306390
19.	Different types of construction round bar <ul style="list-style-type: none"> <li>- Hot rolled steel bars for reinforcement of concrete (simple and corrugated with diameter of 6mm to 40mm)</li> </ul>	721310 – 721391 – 72139900 – 72149900 – 72142000
20.	Different types of hot rolled steel sheet: <ul style="list-style-type: none"> <li>- Hot rolled steel sheet of structural quality</li> <li>- Hot rolled steel sheet of drawing quality</li> <li>- Hot rolled corrugated steel sheet (in roll)</li> <li>- Hot rolled corrugated steel sheet (non - roll)</li> <li>- Hot rolled steel sheet with zinc coat (Galvanized)</li> <li>- Hot rolled steel sheet with tin coat</li> </ul>	7208 7208 7208 7208 72104100 – 72103000 – 72104900 72101100 – 72101200

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

## List of Products under Compulsory Standards Regulations ISIRI –Import

21.	Different types of cold rolled steel sheet <ul style="list-style-type: none"> <li>- Cold rolled steel sheet of structural quality</li> <li>- Cold rolled steel sheet with tension quality</li> <li>- Cold rolled steel sheet with zinc coat (Galvanized)</li> <li>- Cold rolled steel sheet with tin coat</li> <li>- Cold rolled steel sheet with polymer coat</li> </ul>	7209 7209 72103000 – 72104100 – 72104900 72101100 – 72101200 72107000 – 72109000
22.	Different types of stainless steel <ul style="list-style-type: none"> <li>- Cold rolled stainless steel sheet</li> <li>- Hot rolled stainless steel sheet</li> </ul>	7219 7219
23.	Different types of bolts and nuts: <ul style="list-style-type: none"> <li>- Stainless steel two-headed fasteners – bolts, screws</li> <li>- Small thread , medium thread and large threads stainless steel nuts</li> </ul>	731812 – 731813 – 731814 – 731815 731811 – 731816
24.	Different types of welding electrode with coating: <ul style="list-style-type: none"> <li>- Metal arc welding coated electrode with plain carbon and alloyed material</li> </ul>	83111000
25.	Different types of cutting and grinding stones : <ul style="list-style-type: none"> <li>- Cutting stone (Diameter: from 100mm to 400 mm)</li> <li>- Grinding stones (Diameter, from 100 mm to 300 mm)</li> </ul>	68042100 – 680422 – 68042300 68042100 – 680422 – 68042300
26.	Different types of carburetor for oil – fueled heater and water heater	73219000 – 84199010
27.	Different types of towing wires (steel rope)	73121090 – 73129000
28.	Different types of shovels	82011000
29.	Different types of refrigerator compressors : <ul style="list-style-type: none"> <li>- Household refrigerator &amp; freezer compressor with 1/8<sup>th</sup> to 1/3<sup>rd</sup> HP cooling</li> </ul>	84143010
30.	Different types of household refrigerator & freezers: *	84181000 – 84182100 – 84182200 – 84182900 – 84183000 - 84184000
31.	Toys (Safety) : <ul style="list-style-type: none"> <li>- Safety regulation in medical and physical terms</li> <li>- Diffusion &amp; transmission of special elements used in toys</li> <li>- Inflammation</li> </ul>	Chapter 9501 up to 9503
32.	Baby walking frames (Safety regulation)	Chapter 9501 up to 9503
33.	Water floating toys and floating aid facilities	Chapter 9501 up to 9503
34.	Electrical Elevator (COI) (1)	84281000
35.	Parachute (COI)	84313190
36.	Lock of elevator door (COI)	83014000
37.	Lift Governor (COI)	84313190

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

38.	Shock absorber (COI)	84313190
39.	Gas burning torch	84162000
40.	Gas oil burner torch	84161000
41.	Bread and cookie's ovens with indirect flame	84172000
42.	Machinery and equipment of bread production line	84381000
43.	Bread and cookie production machinery (hygienic and safety regulations)	84281000
44.	Oxygen Detecting Sensor (ODS) (2)	90318040
45.	Heater Radiator	83221100 – 73221900 – 76169990

(1) For importing elevators as a package the following items are necessary:

- A) Submitting of COI Certificate of Elevator Package for its quality and dimensions in conformity with standard EN81-1 (without need for presentation of T.R)
- B) Submitting of COI Certificate from accredited inspection companies for the safety of Door-lock, Shock absorber, parachute and governor.

(2) According to Standard ANSIZ21

## • Electric and Electronic

46.	Different types of batteries	8506 <b>except</b> of 85069000
47.	Different types of wire and cables : <ul style="list-style-type: none"> <li>- Wire and cables with polyvinyl chloride insulator and a nominal voltage of <math>\leq 450/750</math> v</li> <li>- Fire resistance electric cables</li> <li>- Power cables with one piece extruded insulator for nominal voltage of 1 up to 3 KW</li> <li>- Wires &amp; cables with rubber insulator, silicon insulator wires</li> <li>- Wires &amp; cables with rubber insulator, flexible joints &amp; cables</li> <li>- Wires &amp; cables with rubber insulator, elevator cables</li> <li>- Wires &amp; cables with rubber insulator, welding cables with electric arc</li> <li>- Coaxial cable (radio frequency)</li> <li>- Lacquered copper wire for winding</li> </ul>	85445900 85445900 85445900 – 85446010 85445900 85445900 85445900 85445900 85442000 85441100
48.	Different types of telecommunication cables:	? (not mentioned in the list)

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

49.	Different types of electric switch, socket, multi – phase plug & screw base : <ul style="list-style-type: none"> <li>- Household electric switches (up to 63 A/250 Volt)</li> <li>- Apparatus switches</li> <li>- Switch and plug</li> <li>- Edison screw lamp holders</li> <li>- Fluorescent lamp screw base</li> <li>- Small automatic switches (miniature)</li> </ul>	85365020 85365090 85366990 85366100 85366100 853620
50.	Different types of household appliances & electric devices (in Safety terms): <ul style="list-style-type: none"> <li>- Vacuum cleaner</li> <li>- Electric iron</li> <li>- Clothes washing machine *</li> <li>- Electric stoves and oven</li> <li>- Electric meat roaster and confectionary, chicken roaster, wafer electric and meat roast brazier for sandwich makers</li> <li>- Electric Toaster (Roasters)</li> <li>- Electric Shaver</li> <li>- Electric hair cutting</li> <li>- Micro oven</li> <li>- Electric household sewing machine</li> <li>- Gas stove hoods</li> <li>- Dish washing machine for household usage</li> <li>- Fans , such as table and roof fans and ventilators</li> <li>- Electric insecticide</li> <li>- Other ovens, stoves, cookers and electronic devices such as: rice cooker, steam cookers, electric fast cookers, electric frying pan, electric yogurt maker, egg cooker and sterilizing devices, milk warmers...</li> <li>- Coffee maker , Tea maker and electric kettle</li> <li>- Electrical grinders and mixers such as electric mixer, fluid and juice mixer devices. fruit juice extractors , meat grinder and juice extractor devices</li> <li>- Other electromechanical devices conjunct with electric motors such as electric butter churn, meat electrical sieves and ice-cream machines, bread slicing machines, graters, vegetable, fruit and cheese graters, knife sharpeners, electrical multi-function machines</li> <li>- Hair drier</li> <li>- Hand driers</li> <li>- Other devices of hair style such as curling iron , curling combs</li> </ul>	85091000 85164000 84501100 – 84501200 – 84501910 – 84501990 85166000 – 85165000  85166000 85167200 85101000 85102090 85165000 84521000 84146000 84221100 84145100 85167900  85167900 – 85166000 85167100  85094000  85094000 – 85098000 85163100 85163300

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

## List of Products under Compulsory Standards Regulations ISIRI –Import

	<ul style="list-style-type: none"> <li>and face fumigators</li> <li>- Fluid filled radiators</li> <li>- Fast electric water heater</li> <li>- Storage electric water heater</li> <li>- Other heaters for green house, electric heater, electric bench heater ,other heaters such as heaters with radiation system, plate heaters and heaters with air convection system</li> <li>- Household moisture fumigators</li> <li>- Water boiler package – Water cooler fountain</li> <li>- Deep fat frier</li> <li>- Floor cleaning and washing machine</li> <li>- Electrical blankets</li> <li>- Portable heating tools and similar appliances (such as soldering iron, thermoplastic welding tools, plastic cutting tools, tempered stamp, tempered wire cleaner, tempered glue gun, gardening scissors, electrical lighter, tempered gun,...)</li> <li>- Liquefied or vaporized cleaning machine</li> <li>- Commercial electrical home kitchen appliances</li> <li>- Air refinerer freshness</li> <li>- Electrical heater</li> <li>- Electrical barbeque for out-door usage</li> <li>- Embedded humidifier (installed in heating or air conditioner system)</li> <li>- Electrical tooth brusher</li> <li>- Projectors</li> <li>- Electrical breast pump</li> <li>- Gas Stoves, Gas Stoves without oven or electrical meat roasters, Electrical ovens and similar appliances</li> </ul>	<p>85163200 – 85167900</p> <p>85162100</p> <p>851610</p> <p>851610</p> <p>85162900</p> <p>85167900</p> <p>84198910 – 85161010</p> <p>85166000</p> <p>85092000</p> <p>63011000 – 63019000</p> <p>85167900 – 85168000 – 96138000 – 84659100 – 85151100 – 85153190</p> <p>85098000</p> <p>84381000 – 84382000 – 84285000 – 84386000 – 84388000</p> <p>84213990</p> <p>85168000</p> <p>85166000</p> <p>8415</p> <p>85098000</p> <p>85283000 – 90072000 – 90081000 – 90082000 – 90083000</p> <p>84341000</p> <p>85166000</p>
51.	<p>Different types of electric conduits (for electric installations):</p> <ul style="list-style-type: none"> <li>- Pliable self recovering conduits of insulating materials</li> <li>- Conductor protector pipes for electric installation, rigid and even insulating pipes</li> <li>- Conductor Protector pipes (metal pipes)</li> </ul>	<p>85479000</p> <p>85479000</p> <p>8307</p>
52.	<p>Different types of lighting lamps:</p> <ul style="list-style-type: none"> <li>- Filament lamps for general lighting service* and filament lamps for refrigerator and decoration</li> <li>- Halogen and Tungsten lamps *</li> <li>- Florescent lamps with two caps *</li> <li>- Fluorescent single base lamps with one cap and ballast (low consumption) *</li> </ul>	<p>85391000 – 85392920 – 85392290 – 85392990 – 85392220</p> <p>85392100</p> <p>85393110</p> <p>85393120</p>

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

	<ul style="list-style-type: none"> <li>- Fluorescent lamps with one cap without ballast *</li> <li>- Gas discharge lamps (high-pressure mercury steam, sodium steam, metal hullid)</li> </ul>	85393140 853932
53.	Inductive ballast: <ul style="list-style-type: none"> <li>- For gas discharge lamps except of fluorescent lamps</li> <li>- For fluorescent lamps</li> </ul>	85041010 85041010
54.	Different types of power transformers: <ul style="list-style-type: none"> <li>- Transformers higher than 1 kilo volt ampere of dry air type</li> </ul>	85043220 – 85043320 – 85043400
55.	Different types of electromotor: <ul style="list-style-type: none"> <li>- Electromotor up to 75KW power</li> </ul>	85012000 – 850131 – 85013200 – 850151 – 850152 – 850110 – 850140
56.	Different types of power coefficient adjustment condensers	85321000 – 85323000
57.	Different types of industrial switches: <ul style="list-style-type: none"> <li>- Automatic switches</li> <li>- Rotating switches</li> <li>- Circuit disconnecter under 1000 Volt (COI)</li> <li>- Contactors under 1000 Volt (COI)</li> </ul>	85362010 85365010 853620 85362090
58.	Circuit disconnecter for protection against extra load in household electric installation and the same as them (COI)	85362030

## • Weight, Scale

59.	Different types of weight, scales and measurements devices including: <ul style="list-style-type: none"> <li>- Different types of moveable bascule (mechanical, electronic, electro-mechanical) assembly and /or spare parts (CKD)</li> <li>- Different types of sensitive and non-sensitive weighing machines (mechanical , electronic and electro mechanical ) assembly and/or spare parts (CKD)</li> <li>- Different types of fixed bascule (pick-up truck or truck) including mechanical, electronic and/or electro mechanical in the form of complete and/or spare parts (CKD)</li> <li>- Different types of steel, brass or cast iron weight to be used on weighing machine and/or bascule with different accuracy classification</li> <li>- Different types of metal measurement tapes (winding form)</li> <li>- Commercial meter (inflexible)</li> <li>- Commercial weight measures for oil products</li> </ul>	8423 ( <u>except</u> of 84231000 – 84232000)  84238100 – 84238290 – 901600  84233000  842390 90178000 90178000 Related to containing materials

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

## • Valuable Metals Assays and Hallmarking

<b>60.</b>	Valuable metals and their manufactures (From the point of assay and hallmarking) - Silver - Gold	71141100 – 71131100 7114
------------	--	-----------------------------

## • Medical Engineering

<b>61.</b>	Relief vehicles and their equipment (Ambulances)	87032100 – 87032200 – 87032300 – 87032400 – 87033100 – 87033200 – 87033300 – 87039000
<b>62.</b>	Different types of cane for disabled	66020000 – 90211010
<b>63.</b>	Different types of dentistry unites , chairs and lamps	90184100 – 94021000 – 94054090
<b>64.</b>	Disposable Hypodermic needles for medical purposes	90183210
<b>65.</b>	Rust proof metal pipes to be used in medical equipment manufacturing	90183220 – 73044900
<b>66.</b>	Disposable sterile insulin syringe	90183110
<b>67.</b>	Disposable sterile syringe	90183120
<b>68.</b>	Surgery gloves	40151100
<b>69.</b>	Medical equipment (electricity safety ) - Infant incubators - Medical suction - Dentistry oven - Anesthesia ventilator (Artificial Respiration Apparatus) - Operation room bed - Electrical sterilizer oven - Laboratory centrifuge devices - Amalgamator	90189040 901819 85141010 90192000 94029090 – 94029010 84192090 84211900 90184990
<b>70.</b>	Different types of medical sterilizer (autoclave) - Pre vacuum sterilizer - Gravity sterilizer - Portable sterilizer - Laboratory sterilizer - Steam sterilizers for hydraulic fluids in sealed hard vessels - Sterilizers in which low temperature steam with formaldehyde is used	84192090 84192090 84192010 84192090 84192090 84192090
<b>71.</b>	Acrylic dentures	90212100
<b>72.</b>	Medical oxygen gas	28044000

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

73.	Medical gas cylinder (Color, joints,...)	731100
74.	Wound dressing band	30059090
75.	Wound band	30059010
76.	Injection disposable sets (serum set)	90183930
77.	Micro set (different types of injection sets, medical disposables burette type)	90183935
78.	Urine bag	39269020
79.	suture threads and its materials	300610

### • Automotive and Dynamic Force

80.	Different types of vehicle shock absorber - Vehicle hydraulic shock absorber (passenger car, car, pickup trucks) - Gas shock absorber (passenger car, car, pickup trucks)	87088010 87088010
81.	Assembled and unassembled brake shoes	87083110 - 68131000
82.	Different types of vehicle parts including : - Clutch plate brake lining for motor vehicles - Rims for passenger cars up to the 16 inches - Flat spring for vehicles - Wiper arm and blades - Indirect brake booster - Ball joints socket assembly - Radiators for passenger cars and pick up trucks - Mechanical fuel pump for petrol vehicle - Vehicle oil Pump - CNG devices (kits) with liquid fuel (L.P.G) - Safety belts for passenger of motor vehicles - Hydraulic brake lamp switch for vehicles - Mechanical brake lamp switch for vehicles	68131000 87087011 73202090 85129010 87083190 87089929 87089110 84133090 84133090 84099950 – 84099920 – 84099110 87082100 85365090 85365090
83.	Different types of vehicles filters - Air filters - Disposable oil filter for internal combustion engines	84213100 84212300
84.	Electrical parts of vehicles: - Electrical generator for road vehicles (for passenger cars & pick-up trucks) - Starter for internal combustion engines (for passenger cars & pick-up trucks) - Vehicle burner	85114010 – 85114020 85114010 – 85114020 85111000

**COI:** These products should be inspected in the origin by accredited inspection companies and Certificate of Inspection should be issued for them (COI).

\* : For these products in addition to observation of their acceptable standard, observing of technical specification of energy consumption and having the Energy Label is essential.

	- Burner wire for car - Platen for road vehicles - Horns	85443010 85113090 851230
85.	Vehicles lamps (functional regulation)	85392940
86.	Different types of starter lead battery of vehicles – motorcycle	85071010
87.	Safety helmet for motorcycle driver	65061000
88.	Vehicle (functional and safety) (1) - CBU - FCKD	8702 – 8703 – 8704 – 8705 – 8706 98870210 – 98870311 – 98870341 – 98870411 – 98870441
89.	Bicycle	87120000
